"It's been a long day without you, my friend  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
Oh I'll tell you all about it when I see you again

When I see you again

Damn, who knew all the planes we flew

Good things we've been through

That I'll be standing right here

Talking to you about another path I

Know we loved to hit the road and laugh

But something told me that it wouldn't last

Had to switch up look at things different see the bigger picture

Those were the days hard work forever pays now I see you in a better place

How could we not talk about family when family's all that we got?

Everything I went through you were standing there by my side

And now you gonna be with me for the last ride

It's been...

It's been a long day without you, my friend

And I'll tell you all about it when I see you again

We've come a long way from where we began

Oh I'll tell you all about it when I see you again

When I see you again

First you both go out your way

And the vibe is feeling strong and what's

Small turn to a friendship, a friendship

Turn into a bond and that bond will never

Be broken and the love will never get lost

And when brotherhood come first then the line

Will never be crossed established it on our own

When that line had to be drawn and that line is what

We reach so remember me when I'm gone

How could we not talk about family when family's all that we got?

Everything I went through you were standing there by my side

And now you gonna be with me for the last ride

So let the light guide your way hold every memory

As you go and every road you take will always lead you home

It's been a long day without you, my friend

And I'll tell you all about it when I see you again

We've come a long way from where we began

Oh I'll tell you all about it when I see you again

“ I remember the first time I got to meet you was when you came to visit your grandpa Howard . Your Grandpa talked about you often to me and when I got to meet you I thought you were a great young man. I always wished you lived closer to us so I could get to know you more. When your grandpa learned yesterday you had passed it was the first time I ever heard him cry. It broke my heart when I found out. I know your parents and loved ones are going to miss you till they see you again . I will keep your loved ones in my prayers. And one day I will see you again.
